In light of the escalating challenges posed by the El Niño phenomenon affecting various regions of the country, reports of the localized effects of El Niño at the Local Government Units (LGUs) are critical to enabling the National Task Force on El Niño to provide swift and targeted assistance to LGUs in order to mitigate the escalating impact of El Niño on vulnerable communities.

Kindly complete the reporting template not later than March 15, 2024. Your respective local DRRM officers are requested to provide subsequent updates every two (2) weeks. Attached is the reporting template for reference.
